

# ALUMINIUM ROAD STUD

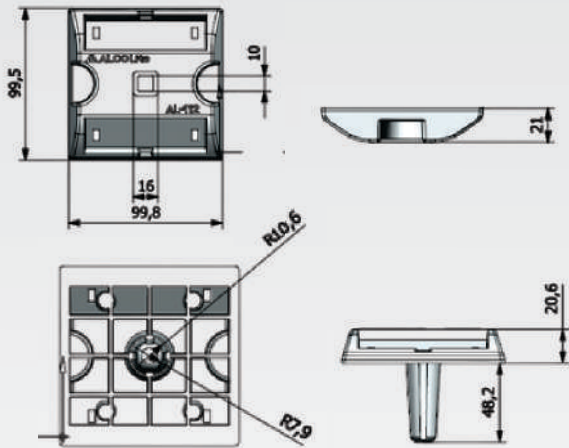

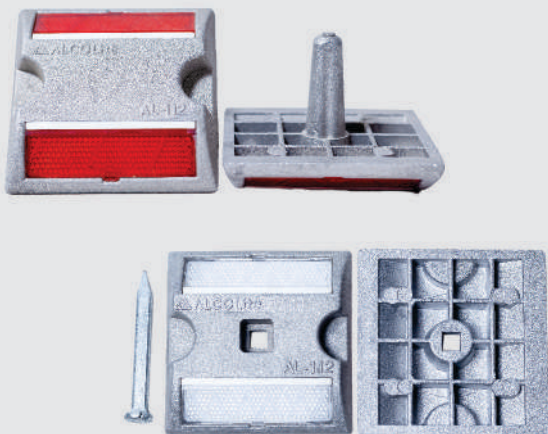

MODEL NO.: AL-112

“Durability You Can Trust, Visibility You Can See.”

TECHNICAL SPECIFICATION	
Product Code	AL-112
Stud Dimension	100 x 100 x 200mm
Reflector	Micro Prismatic Reflector
Colour Options	Red, Yellow, White & Customised
Available with	Shank & Nail
Standard	Meet Specification as Per BS-873-4-1987

DETAILS	WITH SHANK	WITH NAILS
Size	20 X 50mm	75mm
Stud Weight	250 Grams	238 Grams
Packaging Quantity	50 Pcs.	100 Pcs.
Gross Weight	13.5 Kgs.	24.90 Kgs.
Packaging Dimension	336 X 331 X 255mm	560 X 216 X 229mm

### FEATURES :

- Made from high-quality aluminium alloy.
- Highly reflective surface for improved visibility.
- Low-profile and compact design.
- Suitable for asphalt and portland cement surfaces.
- Performs well in both wet and dry conditions.
- Easy and quick to install.

### ADVANTAGES :

- Enhances road safety in low-light and night-time conditions.
- Strong resistance to corrosion, weathering, and impact.
- Withstands heavy traffic loads and pressure.
- Durable and long-lasting even in harsh environments.
- Maintains visibility and performance over time.
